environmental impact through its initiatives of landscape conservation, renewable energy and sustainable agriculture.

Valle Dell'Acate

Located in the southeastern part of Sicily, Valle Dell'Acate produces over 400,000 bottles per year featuring Sicilia DOC wines such as the Il Frappato, Insolia and Zagra. The family-run winery, which is now in its sixth generation, understands and appreciates the tried tradition of winemaking. It places a great deal of importance on sustainability by implementing irrigation systems that maximize efficiency by avoiding wasting water.

Tasca D'Almerita

The Tasca family has been producing wine at the Regaleali estate that stretches over 500 hectares in the countryside of Sicily for eight generations. Today Alberto Tasca is at the
